

EDUCATION			
Course	Institute	Percentage/ CGPA	Year
B. Tech (IT Branch)	Indian Institute of Information Technology, Sonapat	Pursuing	2025 – 29
PCM: ISC Class XII	St. Joseph’s School, Greater Noida	95.75%	2023 - 24
ICSE Class X	St. Joseph’s School, Greater Noida	97.4%	2021 – 22

PROJECTS	2025 - Present
- Developed two interactive arcade-style games (Snake and Flappy Bird) using Pygame, implementing real-time game loops, collision detection, physics mechanics, and 60 FPS performance optimization. - Built a Python–Tkinter Password Strength Checker with 5+ security validations, real-time feedback, and optimized logic for efficient time and space performance. - Developed Python-based Inventory Manager and Contact Book applications with 4+ CRUD operations, file-based data storage, and structured input validation for reliable data management. - Developed a Python-based Command-Line Personal Diary Application supporting 4+ file operations (create, read, update, delete) with automated text-file storage and error handling. Upgraded a command-line personal diary into a Tkinter-based GUI application with 4+ CRUD features, secure file handling, and an intuitive user interface. - Built a responsive Expense Tracker Web App using HTML, CSS, and JavaScript, featuring 5+ modules (dashboard, categories, history, CRUD, LocalStorage) with persistent data storage and UI state management.	

POSITION OF RESPONSIBILITY	
Core Member- Captura El Momento, IIIT Sonapat	2025 - Present
- Captured and documented the Internal Round of Smart India Hackathon, ensuring high-quality visual coverage of a flagship institutional event. - Contributed to scriptwriting and content development for official club videos, enhancing digital storytelling and audience engagement. - Featured in Freshers’ Introduction Videos, reels, and the Agnito Sports Fest opening reel, supporting branded student outreach initiatives. - Played an active role in visual content creation and dissemination, strengthening IIIT Sonapat’s social media presence and event visibility.	

Minister of IT Club, St. Joseph’s School	2023 - 2024
- Served as Core Organiser of <i>Infantino Mark-IV</i>, the school’s annual flagship tech fest, overseeing end-to-end planning and execution. - Led coordination of intra-school competitions (Classes 3–12), managing cross-grade participation, scheduling, and team alignment. - Produced the official introductory video and supervised comprehensive event documentation to ensure structured reporting and archival. - Spearheaded initiatives to promote computer literacy and technology enthusiasm among students through active engagement and outreach efforts.	

ACHIEVEMENTS & AWARDS
- Won Bronze Medal in Inter-School Karate Competition (Class 5), competing against students from multiple schools and demonstrating early competitive discipline. - Secured Silver Medal at the National Junior Karate Championship (Class 6), representing the school at a national level and performing among top young athletes across India. - Achieved Gold Medal in Inter-School Karate Championship (Class 7), leading in performance and showcasing advanced technical and mental resilience. - Represented the school in the Zonal Cricket Championship (Class 8), gaining exposure to high-level team sports and competitive environments.

SKILLS & TOOLS KNOWLEDGE		
MERN stack web development	Git, Github, UI development	Problem-Solving & Critical Thinking
Communication and Presentation Skills	C, C++, Python, Java, Javascript	Microsoft Office (Excel, PowerPoint, Word)
Tkinter, Pygame, n8n automation	Data Structure and Algorithms	Leadership & Team Collaboration

HOBBIES & INTERESTS
- Active sports (Cricket, Badminton) - Endurance Cycling - Travel-Based Learning
